

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Crows were reported as being seen in Hardwick Center last Friday.

The capital stock of the Black River Woolen company has been raised from \$30,000 to \$120,000.

Mrs. Manley Allen of Hardwick Center recently fell heir to a \$100,000 fortune, left by a relative who died in the western part of the state.

Mrs. John McCormick has an orange tree on which are 20 blossoms and oranges at her home in Bristol. Some of the fruit is ripe and some green.

A reunion of the boys of Camp Abnaki will be held in Rutland Feb. 16 and 17, opening with a banquet Friday evening. On Saturday the boys will have a winter track meet, an obstacle race on snowshoes. About 50 out-of-town boys are expected.

The schoolhouse in the Burritt district in Hinesburg was burned to the ground Thursday morning with all its contents, the cause being an over-heated stove-pipe. The school has been moved into a private residence and at the March meeting action will be taken toward rebuilding the burned structure.

Dr. B. F. Millington of South Londonderry has sued the town of Londonderry for \$10,000 for personal injuries and damages to his auto last summer. He alleges that for lack of a railing by the roadside, his car went down a bank and was smashed and that he, being hurled on some rocks, had four ribs fractured and his spine injured.

The Bennington County Improvement association has taken up the project of having cooking taught in the rural schools, and the pupils, as a result of these classes, will have a warm lunch at noon. In four rural schools of Bennington county the plan is already being worked out. Pownal Center, Hartwell, village school in Readsboro, one in Arlington school and one in South Shaftsbury.

On a farm in Putney, George O. Aiken has developed a berry patch covering 25 acres, on which last year raspberries and blackberries were in fruit over the whole patch, with a yield of 2,000 quarts per acre. To guard against the loss of soft fruit in a rainy season or in case of a glutted berry market, Mr. Aiken has a plant for preserving and jam making, and the demand for the berries is larger than the output, although the output is large. By fertilizing and good care Mr. Aiken has made a hilly pasture full of weeds into a profitable source of income.

Miss Marjorie Winnewisser, daughter of Mr. and Mrs. Fred C. Winnewisser of Bellows Falls, is named among the Americans in Berlin who desire to leave Germany for the United States and who have applied for permission. Miss Winnewisser, who studied at the New England Conservatory of Music for three years, went abroad for further musical education and has been studying in Berlin. The Winnewissers have been having trouble getting letters and funds to their daughter for some time and on each return trip of the Deutschland they have sent letters and packages.

The yards and mills of S. A. Brownell & Co., Essex Junction, are unusually busy at this time of the year. The company has thus far this winter received something more than half a million feet of logs. It has practically completed the hauling of 125,000 feet of logs from a wood lot purchased in Jericho and will begin at once moving a few hundred cords of wood from this lot. Contracts have just been filled for 200,000 shims for the Central Vermont Railway company and a similar amount for the Rutland railroad. Only hard-wood lumber is used in making this product which of late years is more difficult to obtain except on long hauls or the freighting of such timber in the rough.

The United Marble companies of Rutland which corporation was sued by Frederick H. Beneker, a salesman, for the alleged failure to keep a contract with him, have in turn sued Mr. Beneker, claiming that \$2,000 was forwarded him for marble which had never been delivered to the company's plant. Following a preliminary hearing on a motion by the marble company to have the amount of the Beneker attachment reduced, the judge ordered a reduction from \$25,000 to \$15,000, and on the filing of a bond, the personal property was released from the attachment, which the company asserted was injuring its business. The company claims nothing is due Beneker on the contract.

Rutland has an epidemic of scarlet fever, 38 cases being reported to Sunday night, about one-fourth of the cases being adults. The attacks seem to be light with children, but more severe with the older people. Not until Saturday afternoon was it known that the epidemic had broken out when several cases were reported to the health officer. When it was discovered that all the afflicted families had milk from the same milk man an investigation took place, which showed that one of the employees, who delivered milk, had had the disease in his family and probably had had a light case himself. He was quarantined and

5,000,000 Corns

Lifted Right Off!

Try 2 Drops of Magic "Gels-It"

There's a wonderful difference between getting rid of a corn and the way they used to try to get rid of it only four or five years ago. "Gels-It" has revolutionized corn history. It's the only corn remedy today that acts on

"See? Just 2 Drops of 'Gels-It' Now Tomorrow You'll Feel That Corn Right Off—and It's Gone!"

The new principle, not only of shoving up the corn, but of loosening the corn off—so loose that you can lift it right off with your fingers. Put 2 drops of "Gels-It" on that corn or callous-to-night. That's all. The corn is doomed, sure as sunrise. No pain, or trouble, or soreness. You do away once and for all with toe-burnding bandages, toe-eating salves and irresponsible what-nots. Try it—get surprised and lose a corn.

"Gels-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Barre and recommended as the world's best corn remedy by F. G. Russell and E. A. Brown—Adv.

all precautions are being taken to check the epidemic.

Because someone in Vermont or New Hampshire attempted to drown a cat Thursday, which didn't drown, the police of White River Junction and West Lebanon are looking for the person who performed an act of unusual cruelty. A cat, securely tied in a bag, was thrown from the Connecticut river highway bridge to the ice below. It is supposed the person intended to throw the animal into the water, but this is only two or three feet in width and the cat missed the hole, landing on the ice and remaining there from Thursday to Saturday, cold and starving. A passerby heard its cries and notified the police. The cat was found so near the center of the river both state authorities took hold of the investigation. When the cat has recovered sufficiently it will be liberated and followed, in the hope that it will return to its former home and give a clue to the guilty person.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

CHILDREN NEARLY FROZEN.

Went Out Snowshoeing in Bitterly Cold Weather—Toes Frost Bitten.

Burlington, Feb. 13.—Seven children, between the ages of 10 and 12, residing in the neighborhood of the Adams school, had a narrow escape from freezing to death Sunday afternoon, while out snowshoeing.

The party went up Ledge road and across Henry Holt's fields and woods to the sand pit, a mile or more in a southerly direction. They built an open fire, around which they warmed themselves for a time. Darkness came on, the fire went down and the youngsters tried to build it up unsuccessfully. By this time several were thoroughly chilled through. Two or three started for home, the rest remaining in the vain hope that they could keep up the fire.

Parents of the children became alarmed at dusk and started out looking for them. The darkness deepened and the cold became more intense. Starting out across lots through the Clark woods several of the party of searchers were near being stopped in the deep snow. The rest, who were on snowshoes, pushed on and finally met the children in an open field as they were walking towards home. Three at least of the children had frozen toes and all were badly chilled.

The party included Marjorie Booth, Arthur and Arline Unsworth, John Cochran, Paul Fennell and David London. Temple Russell came home before the others did.

A WOMAN'S BACK

The Advice of This Barre Woman is of Certain Value

Many a woman's back has many aches and pains. Oftentimes 'tis the kidney's fault.

That's why Doan's Kidney Pills are so effective.

Many Barre women know this. Read what one has to say about it:

Mrs. Geo. F. Clark, 124 North Main street, Barre, says:

"I have used Doan's Kidney Pills now and then for various kidney disorders, such as lameness across my back. They have never failed to give me relief."

Price 50c, at all dealers'. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Clark had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

REAL ESTATE FOR SALE

FARM FOR SALE—16 acres, 8-room house and barn, running water, in center of Williamstown, near "stomach," 3 minutes' walk to station; inquire 11 Foster street, Montpelier, Vt. 28217

A GOOD HOME FOR SALE—Consisting of 8 rooms with bath and set tubs, furnace and cemented cellar; house finished in the wood and hardwood floor; barn attached with lumber, all in excellent shape; at 16 Liberty street. 28216

Money Making

Some men make their money in business—some in stocks—some by toilsome saving of their daily wages. But we submit to you the unquestioned fact that more men have reached a comfortable competence through the ownership of property—houses and land which bring in a fixed income—than in any other way.

Business requires your sole attention—stocks mean sleepless nights and days of worry—property works by itself for you without your care.

Select it—set it to work—it takes care of itself and will take care of you.

A good example of this sort of investment is found in a two-tenement house which we have—carrying 8,000 feet of land.

This house is of modern build—9 and 8-room tenements, and well located, electricity, gas, bath, porch, weighted windows, 4 bay windows, blinds, some hardwood floors, furnace, hot and cold water, 24 foot and shade trees, all in good condition.

The call for money in another direction forces the owner to part with it.

The price is \$6,000—rents for \$50 per month—not a bad income—eh?

The cash required is about \$3,000. We do not know where \$3,000 can be invested to better advantage.

Come in quickly if you are interested.
